

The purpose of this data collection is to gather Title I services a student receives, or is eligible to receive, throughout the school year. Count those students served or eligible during the fall of 2005, spring of 2006, and summer of 2006 in the Title Funded schools. This information is used for federal and state reporting. The 2005-2006 school year will be the first year of collection by individual student record only, this data will **NOT** be collected online in an aggregated form as in previous years.

Audience

This is a required collection for public, accredited nonpublic schools, charter schools, and neglected institutions that have Title I funding.

Instructions

The required data should be collected, combined into a file, submitted to the Department of Education via the Application Center. The file must contain all the fields in the order described and must contain the data required for each field. The file may be in any of the formats contained in this document. Report those students served at any time during the school year.

A **trial submission period** will be available starting **July 10, 2006** and ending **August 4, 2006**. The trial submission period will provide the opportunity to verify submission of the file and the validity of the data file **prior** to the actual collection periods. For this collection you will have the opportunity to request that the trial data be kept as your final data, the requirement for signature page during the signoff period will remain the same. All other data will be deleted at the end of the day on **August 4, 2006**.

The **required collection period** begins **August 14, 2006** and ends **September 6, 2006, which** is the **final** date for submission. During this time you are required to submit a file, review the processing results of the file for errors, and review the reports in the Message Center for accuracy. These reports are provided for you under the section "Reports" and should be printed and reviewed by the responsible person(s). If there are any errors or inaccuracies you may correct your data file and resubmit until the end of the day of the final collection date.

The **required signoff period** begins **August 14, 2006** and ends **September 6, 2006, which** is the **final** date for submission. During this time you are required to print and sign the Title I Signoff Report. Two signatures are required, the person submitting the data and the Title I Coordinator for the corporation. Title I Instructions and Definitions - <http://www.doe.state.in.us/TitleI/welcome.html>Title I Neglected Institutions Assigned School ID - <http://www.doe.state.in.us/TitleI/welcome.html>**Common Scenarios:**

The following section contains several likely scenarios of services received and a description of how they would be reported.

Scenario #1: Mobile Students

Scenario: A student received Title I Math services in the first grading period from school B. The student moves to school D and receives Title I Math services during the 2nd grading period for 4 days. The student moves to school C and receives Title I Math services for the 3rd grading period only. The student moves back to school B and receives Title I Math services again for the 4th grading period.

Reporting Results: School B reports this student once for Title I services. School C reports this student once for Title I services. School D does NOT count this student. If a student received Title I services for a reasonable period of time (at least one grade period or completion of program during the year, such as a summer program, or another extended-time opportunity), the student is reported as having received Title I services.

Scenario #2: Support Services

Scenario: A student receives support services but the support services are not paid by Title I funds.

Reporting Results: In a schoolwide program the Title I students are reported as Y (Yes) for the support service they receive. In a targeted assistance Title I school, only report Title I funded services for targeted Title I students.
